E. WOLFF & SONS' newly-invented
CRETA LÆVIS, or PERMANENT DRAWING CHALKS, in cedar, in every variety of colour.—E. WOLFF and SONS beg to state that they have, by the introduction of great improvements in their CRETA LÆVIS, rendered it fit to be used in the same as the ordinary pencils; and effects can now be produced equal to water-colour drawings, without the use of water or any other fluid; the various colours blending together with perfect harmony, beauty, and richness. It can be cut to a fine point, and is thus capable of giving a very delicate outline. For sketching from Nature, the great advantage resulting from the adoption of the CRETA LÆVIS must be obvious, without the use of water, palette, brushes, &c., all the various tints can be obtained with a truthfulness that cannot be surpassed, and by their compact form may be carried any distance without the slightest inconvenience; thus superseding every other method in general use. The drawings may be carried in a portfolio with safety, as, unlike other crayons, they will neither rub off nor suffer injury by coming in contact with the usual contents of a portfolio. The CRETA LÆVIS, unlike the fusible or wax crayons, WILL NOT BE AFFECTED BY HEAT OR CHANGE OF CLIMATE.
E. WOLFF and SONS' IMPROVED CRAYON PAPER is the best for the CRETA LÆVIS. To be had of all Artists' Colourmen and respectable Stationers, in leather boxes, containing sets of 12, 18, 24, 36, 48, and Patent Cased, containing the whole of the shades and colours of the CRETA LÆVIS, with their names and numbers attached to each shade, price in each. CAUTION.—As there are several spurious imitations, it is necessary to observe that every Pencil is stamped, "CRETA LÆVIS, E. WOLFF and SONS," London, with name of the colour.—Crayon Lævis Drawings sent to copy at C. E. CLIFFORD'S, 20, Piccadilly.

NASMYTHS PATENT
WROUGHT-IRON Fire-proof Flooring.
JOHN WALKER, Sole Manufacturer and Licensee.
Offices, 63, Gracechurch-street.

FIRE-PROOF FLOORS.
The late lamentable accident in Gracechurch-street serves to prove that where cast iron is the foundation on which floors, &c. are made, much dependence cannot be placed on it. This notice John Walker to earnestly solicit the attention and inspection of Architects, Engineers, &c. to Mr. G. NASMYTH'S PATENT FLOORING, of which J. W. is the sole licensee and manufacturer. The material is wrought iron, and therefore not subject to sudden fracture, as cast-iron is—and wood is not introduced.
Descriptive pamphlets may be had, models may be seen, and every information obtained, at JOHN WALKER'S OFFICE, 63, Gracechurch-street.
MANUFACTURER OF CORRUGATED IRON.

MOREWOOD and ROGERS' Patent
Galvanized TINNED IRON, or Iron Tinned previously to being Galvanized.
ANDREW WUTTOCE, 188, New Oxford-street, and Russell-place, beg to invite the attention of those Engineers, Architects, Contractors, and others, who have not hitherto observed it, to this valuable metal, which fully accomplishes the object of the patent. It is suitable to all purposes for which iron can be used, is not required, but for roofing, the erection of railway stations, sheds, for the lining of arches and tunnels, for all other building and agricultural erections, &c. It is pre-eminently adapted to covering all the advantages of wrought iron, while the latter, being perfectly protected from decay, retains its peculiar qualities, and consequently can be employed in the lightest and most economical form. This metal expands and contracts in a very slight degree, its bright surface radiating the sun's rays, and is therefore admirably adapted for arched and corrugated roofs.
Testimonials by direction of Admiralty order, and from engineers, architects, &c., can be seen, testifying to its elegance, lightness, economy, and great durability, and that, even where the upwards of eleven years, it has not lost the gloss of freshness. Pamphlets, containing a description of every use to which this metal can be applied, with plates, price lists, &c., can be obtained as above; and all parties are referred to the Surveyor of the Customs, Mr. GEORGE MORGAN, 23, Parliament-street, who will furnish estimates, drawings, &c., with every other explanation, free of cost.
